PROFILE SUMMARY

Computer Science undergraduate with hands-on experience in DevOps, cloud deployment, and automation. Skilled in Python, Docker, Kubernetes, and CI/CD pipelines, with projects delivering high availability and real-time ML solutions. Strong academic record and proven problem-solving ability through hackathons and coding competitions.

EDUCATION

Chandigarh Engineering College Landran *Mohali,Punjab*

Bachelors in Computer Science and Engineering *2022*– 2026

- Represented university in Technical Fest
- Top 10% in Academics

SKILLS

Technical skills:

Tools: Python, SQL, Docker, Kubernetes, Jenkins CI/CD

PROJECTS

Implementation of an End-to-End Automated Deployment Pipeline for Full-Stack Applications using DevOps Best Practices. *2025*– 2026

- Implemented CI/CD Pipelines with Jenkins, Docker Containerization, Kubernetes Scaling.
- Groovy syntax used in Jenkins, YAML files for K8s Cluster, Docker private repositories for security, AWS Cloud for modernization
- Result 99% uptime, reduced time to market by 80%.

Real TIme object detection MLOps Pipeline *2025*– 2026

- Engineered a MLOps Pipeline with KubeFlow to implement real-time object detection with YOLO.
- Measured data accuracy for ML Pipelines with score of 85%.

ACHIEVEMENTS

- Secured top rank in B.Tech CSE semester exams.
- Participated in Smart India Hackathon, developed a working prototype
- Won 2nd place in college coding contest Python
